PURE

PURE

#### **PURO RICICLO.**

**Serie di contenitori in acciaio e stazioni di raccolta rifiuti dalle linee essenziali e moderne pensati per il mondo del contract e l'ufficio.**

Dotati di reggisacco integrato, offrono diverse capacità di litraggio da 60 a 300 lt. Questa linea di contenitori non solo è funzionale, ma rappresenta anche una scelta responsabile per la raccolta dei rifiuti, promuovendo la raccolta differenziata.

#### **PURE RECYCLING.**

**A series of steel containers and waste collection stations with essential and modern lines designed for the world of contract and the office.**

Equipped with an integrated bag holder, they offer different capacities from 60 to 300 liters. This line of containers is not only functional, but also represents a responsible choice for waste collection, promoting separate waste collection.

#### **RECYCLAGE PUR.**

**Série de conteneurs métalliques et de stations de collecte des déchets aux lignes essentielles et modernes conçues pour le monde du contract et du bureau.**

Equipés d'un porte-sac intégré, ils offrent différentes capacités en litres de 60 à 300 litres. Cette ligne de conteneurs est non seulement fonctionnelle, mais représente également un choix responsable pour la collecte des déchets, favorisant la collecte sélective des déchets.

PURE

**PRATICITÀ DALLE DIMENSIONI CONTENUTE.**

Linea di contenitori per rifiuti in acciaio con inserti interni in plastica, progettati specificamente per soddisfare le esigenze del mondo ufficio e dell'hotellerie che variano in capacità, da 16 a 135 litri, offrendo soluzioni versatili per la raccolta dei rifiuti in spazi diversi.

Ogni contenitore è dotato di inserti interni in plastica, che facilitano la raccolta e la pulizia. Questi inserti sono leggeri e facili da rimuovere, permettendo una gestione dei rifiuti più pratica e igienica. Che si tratti di un'area break in ufficio o di una hall di un hotel, questa linea di contenitori è progettata per essere funzionale e stilosa, contribuendo a una gestione dei rifiuti più efficiente e sostenibile, donando un aspetto ordinato e professionale ad ogni ambiente.

**CONVENIENCE WITH COMPACT SIZE.**

A line of steel waste containers with internal plastic inserts, specifically designed to meet the needs of the office and hotel world, ranging in capacity from 16 to 135 litres, offering versatile solutions for waste collection in different spaces.

Each container is equipped with internal plastic inserts, which facilitate collection and cleaning. These inserts are lightweight and easy to remove, allowing for more practical and hygienic waste management. Whether it is an office break area or a hotel lobby, this line of containers is designed to be functional and stylish, contributing to more efficient and sustainable waste management, giving a tidy and professional look to any environment.

**PRATICITÉ AVEC DES PETITES TAILLES.**

Ligne de poubelles métalliques avec inserts internes en plastique, spécialement conçues pour répondre aux besoins du monde des bureaux et des hôtels, dont la capacité varie de 16 à 135 litres, offrant des solutions polyvalentes pour la collecte des déchets dans différents espaces.

Chaque conteneur est équipé d'inserts internes en plastique, qui facilitent la collecte et le nettoyage. Ces inserts sont légers et faciles à retirer, permettant une gestion des déchets plus pratique et hygiénique. Qu'il s'agisse d'un espace de repos au bureau ou d'un hall d'hôtel, cette gamme de conteneurs est conçue pour être fonctionnelle et élégante, contribuant à une gestion des déchets plus efficace et durable, donnant un aspect soigné et professionnel à chaque environnement.

[ FRONT ]

**IL TUO ALLEATO NEL RICICLO.**

La gamma "FRONT" con sistema di svuotamento frontale rappresenta una soluzione innovativa e funzionale per la gestione dei rifiuti negli ambienti di lavoro, come uffici e spazi commerciali.

Progettati per facilitare la raccolta differenziata, questi contenitori in acciaio offrono un design elegante e pratico, ideale per creare isole ecologiche che promuovono la sostenibilità e l'ordine.

**YOUR RECYCLING ALLY.**

The "FRONT" range with front emptying system represents an innovative and functional solution for waste management in work environments, such as offices and commercial spaces.

Designed to facilitate separate waste collection, these steel containers offer an elegant and practical design, ideal for creating ecological islands that promote sustainability and order.

**VOTRE ALLIÉ EN MATIÈRE DE RECYCLAGE.**

La gamme "FRONT" avec système de vidange frontale représente une solution innovante et fonctionnelle pour la gestion des déchets dans les environnements de travail, tels que les bureaux et les espaces commerciaux.

Conçus pour faciliter la collecte sélective des déchets, ces conteneurs métalliques offrent un design élégant et pratique, idéal pour créer des îlots écologiques qui favorisent la durabilité et l'ordre.

**MOZZICONI AL POSTO GIUSTO.**

La linea ASH offre la soluzione ideale per la raccolta ordinata dei mozziconi, combinando design, funzionalità e resistenza.

I posacenere, in versioni da terra e da parete, sono progettati per garantire pulizia e sicurezza in ogni ambiente, riducendo la dispersione di mozziconi e contribuendo al rispetto dell'ambiente.

**BUTTERS IN THE RIGHT PLACE.**

The ASH line offers the ideal solution for the orderly collection of cigarette butts, combining design, functionality and resistance.

The ashtrays, in floor and wall versions, are designed to ensure cleanliness and safety in every environment, reducing the dispersion of cigarette butts and contributing to respecting the environment.

**LES MÉGOTS AU BON ENDROIT.**

La ligne ASH offre la solution idéale pour la collecte ordonnée des mégots de cigarettes, alliant design, fonctionnalité et résistance.

Les cendriers, en versions au sol et murales, sont conçus pour garantir propreté et sécurité dans chaque environnement, en réduisant la dispersion des mégots et en contribuant au respect de l'environnement.

MODULA

MODULA

**LA MODULARITÀ CHE AIUTA IL RICICLO.**

Modula è una gamma innovativa di contenitori per la raccolta differenziata, progettata per rispondere alle esigenze di ambienti ricettivi, commerciali e industriali.

Con un design modulare e funzionale, questi contenitori con base autoportante si adattano perfettamente a spazi di diverse dimensioni, garantendo efficienza, igiene e praticità nella gestione dei rifiuti.

**MODULARITY THAT HELPS RECYCLING.**

Modula is an innovative range of containers for separate waste collection, designed to meet the needs of hospitality, commercial and industrial environments.

With a modular and functional design, these containers with a self-supporting base adapt perfectly to spaces of different sizes, ensuring efficiency, hygiene and practicality in waste management.

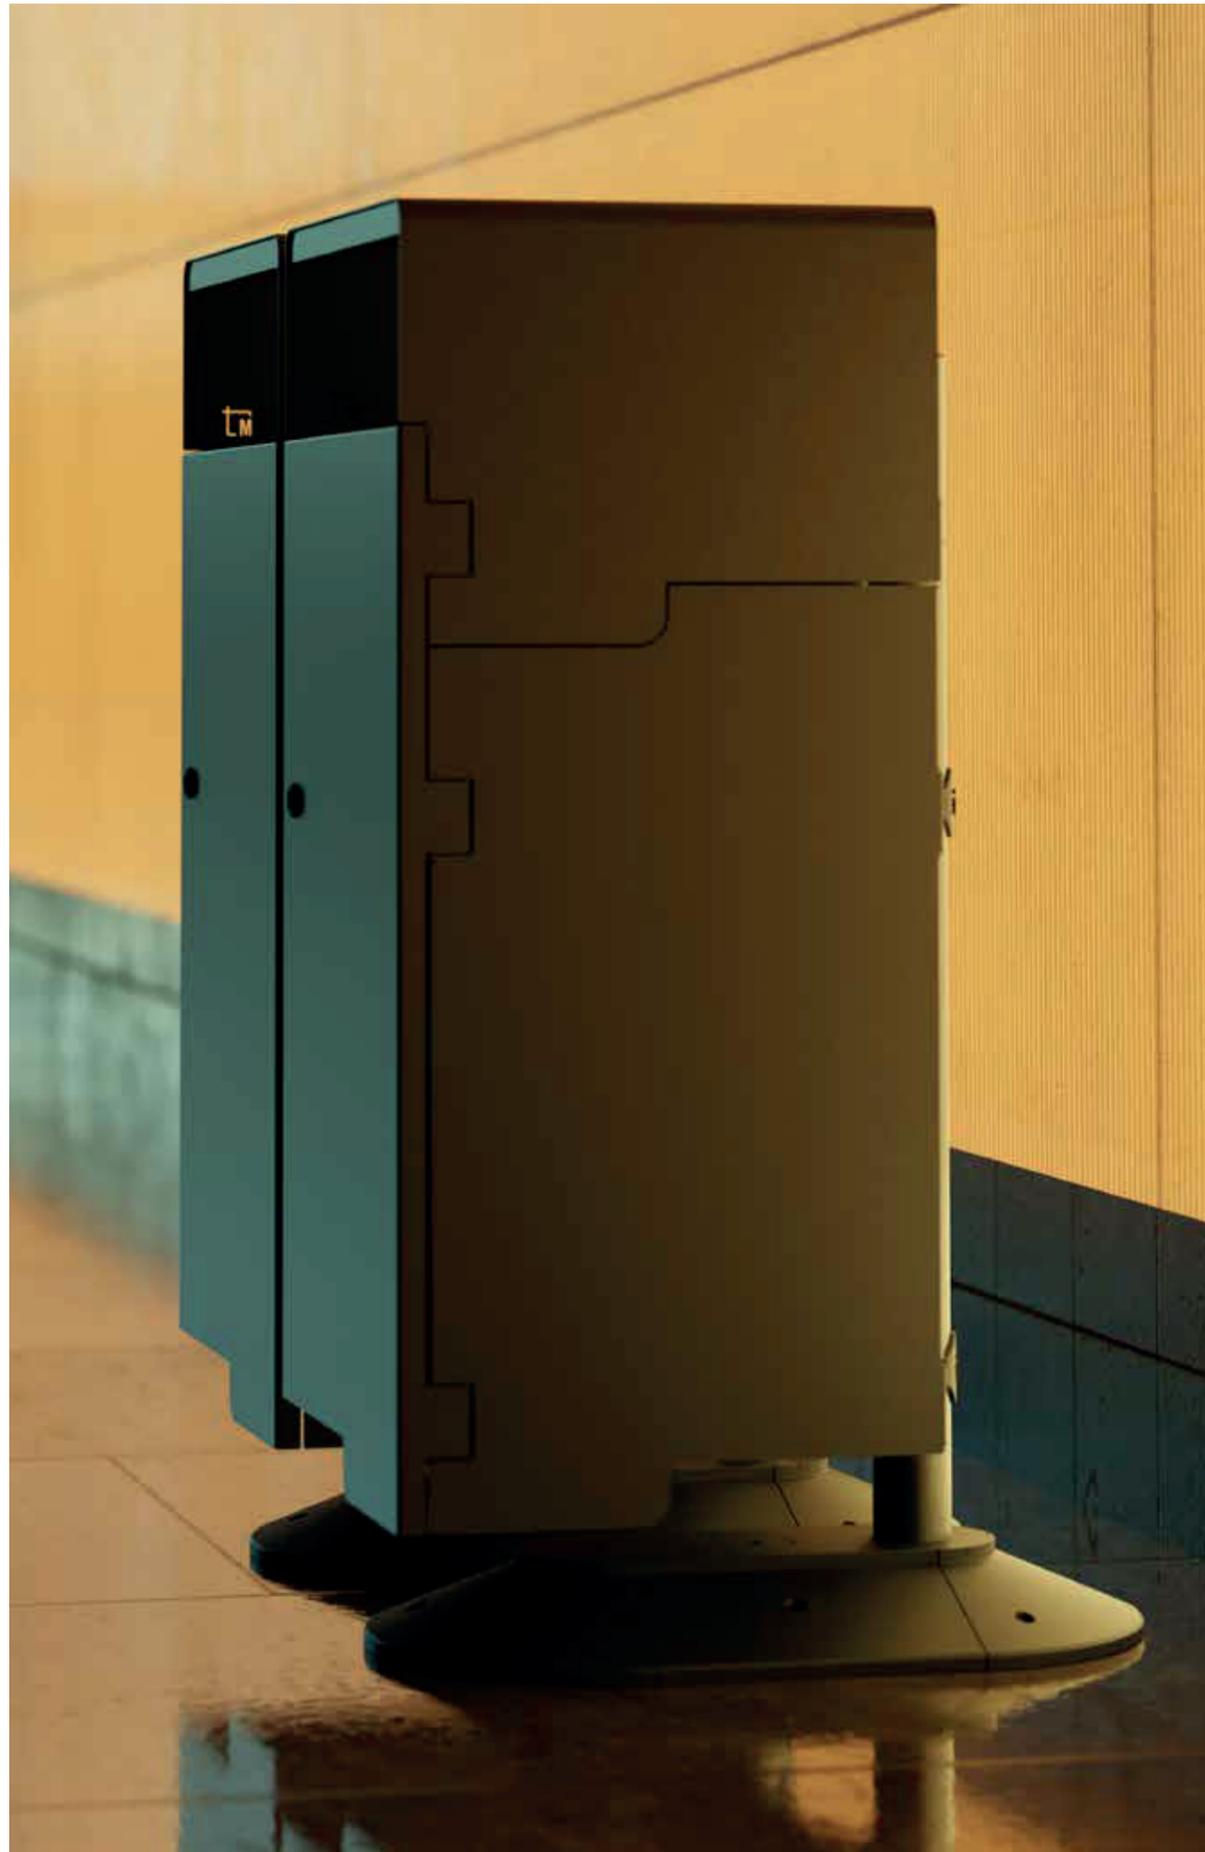

**UNE MODULARITÉ QUI FACILIT LE RECYCLAGE.**

Modula est une gamme innovante de conteneurs pour la collecte sélective des déchets, conçue pour répondre aux besoins des environnements hôteliers, commerciaux et industriels.

De conception modulaire et fonctionnelle, ces conteneurs à base autoportante s'adaptent parfaitement aux espaces de différentes tailles, garantissant efficacité, hygiène et praticité dans la gestion des déchets..

# REWASTE

#### **RIDUCE-RIUSA-RICICLA.**

**Il contenitore ReWaste è una soluzione ecologica per la raccolta dei rifiuti.**

Ha un fusto realizzato in cartone, un materiale biodegradabile, mentre la cover è prodotta in plastica riciclata, il che promuove il riciclo e il riutilizzo dei materiali. Questo contenitore pratico e sostenibile è anche un ottimo modo per sensibilizzare le persone sull'importanza della responsabilità ambientale.

#### **REDUCE-REUSE-RECYCLE.**

**The ReWaste waste bin is an eco-friendly solution for waste collection.**

It has a barrel made of cardboard, a biodegradable material, while the cover is made of recycled plastic, which promotes the recycling and reuse of materials. This practical and suitable bin is also a great way to raise awareness of the importance of sustainability.

#### **RÉDUIRE-RÉUTILISER-RECYCLER.**

**La poubelle ReWaste est une solution écologique pour la collecte des déchets.**

Il a un corps en carton, un matériau biodégradable, tandis que la couverture est en plastique recyclé, ce qui favorise le recyclage et la réutilisation des matériaux. Ce contenant pratique et soutenable est également un excellent moyen de sensibiliser les gens à l'importance de la durabilité.

REWASTE

# REWASTE - COME È FATTO

## HOW IS MADE / COMMENT C'EST FAIT

Coperchio superiore in tecnopolimero 100% riciclato nero.  
100% recycled black tecnopolymer upper cover.  
Couvercle supérieur en tecnopolymère 100% recyclé.

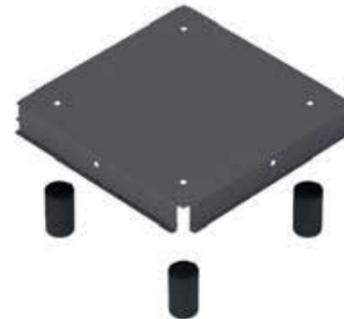

Kit 4 adesivi colorati inclusi.  
4 colored stickers included.  
Kit 4 autocollants inclus.

Fusto in cartone 70% riciclato spessore 7 mm. Stampa digitale eseguita sul cartone.  
70% recycled carton body, 7 mm thicknes. Carton digitally printed.  
Corps en carton 70% recyclé, épaisseur 7 mm. Impression digitale directement sur le carton.

Fondo in acciaio verniciato nero. Piedi in tecnopolimero antigraffio.  
Black steel painted bottom. Scratchproof tecnopolymer lower feet.  
Base en acier poudré noir. Pieds anti-rayures en tecnopolymère.

Puoi personalizzare il fusto del contenitore secondo le tue necessità, grazie alla stampa digitale eseguita direttamente sul cartone.  
Minimo di stampa: 80 pezzi. Invia il file in formato vettoriale a [grafica@stil-casa.it](mailto:grafica@stil-casa.it) e riceverai una bozza di prova da confermare.  
Thanks to the direct digital print on carton, you can customize the bin body based on your necessities.  
Order minimum: 80 pieces. Send the vectorial file to [grafica@stil-casa.it](mailto:grafica@stil-casa.it) and you'll receive the draft to be approved.  
Vous pouvez personnaliser le corps de la poubelle selon vos besoins, grace à l'impression digitale directe sur le carton.  
Minimum de commande: 80 pièces. Vous pouvez envoyer le file en format vectorial à [grafica@stil-casa.it](mailto:grafica@stil-casa.it) et une bon à tirer sera envoyé pour approvation final.

GASTRO

## GASTRO - COME È FATTO HOW IS MADE / COMMENT C'EST FAIT

### BI

Coperchio e fascia reggisacco in acciaio sp. 0,7 mm verniciato a polveri epossidiche bianche. Struttura e base in tubolare d'acciaio verniciato bianco congiunti e ruote in tecnopolimero ad alta resistenza. Pedale in tubolare d'acciaio verniciato nero.

Lid and bag-holder ring in 0,7 mm thick steel, coated with white epoxy powder paint. Structure and tubular base made of white-painted steel with high-resistance technopolymer joints and wheels. Pedal made of black-painted tubular steel.

Couvercle et anneau porte-sac en acier d'épaisseur 0,7 mm, peint avec poudre époxy blanc. Structure et base en tube d'acier peint en blanc, avec raccords et roulettes en technopolymère haute résistance. Pédale en tube d'acier peint en noir.

Elastico reggi sacco integrato.

Opening system rods made of galvanized steel wire. / Tiges du système d'ouverture en fil d'acier galvanisé.

Tiranti sistema d'apertura in tondino d'acciaio zincato.

Integrated bag holder elastic. / Élastique porte-sac intégré.

### A

Coperchio e fascia reggisacco in acciaio AISI 304 satinato sp. 0,7 mm. Struttura e base in tubolare d'acciaio AISI 304 satinato con giunti e ruote in tecnopolimero ad alta resistenza. Pedale in tubolare d'acciaio AISI 304 satinato.

Lid and bag-holder ring made of satin-finished AISI 304 stainless steel, thickness 0,7 mm. Structure and base in satin-finished AISI 304 tubular steel with high-resistance technopolymer joints and wheels. Pedal in grey-painted tubular brushed AISI 304 stainless steel.

Couvercle et anneau porte-sac en acier inoxydable AISI 304 brossé, épaisseur 0,7 mm. Structure et base en tube d'acier AISI 304 satiné avec raccords et roulettes en technopolymère haute. Pédale en tube d'acier peint en gris.

ROUND

ROUND

#### **IL RICICLO È ROTONDO.**

**Linea di contenitori cilindrici progettati per la raccolta dei rifiuti, caratterizzati da versatilità e praticità.**

Questi contenitori con reggisacchetto integrato sono adatti a soddisfare le varie esigenze di raccolta in ambienti pubblici, commerciali e privati. La forma cilindrica non solo conferisce un aspetto moderno e accattivante, ma permette anche una facile integrazione in spazi ristretti o angoli, ottimizzando l'uso dello spazio.

#### **RECYCLING IS ROUND.**

**A line of cylindrical containers designed for waste collection, characterized by versatility and practicality.**

These containers with integrated bag holder are suitable for meeting the various collection needs in public, commercial and private environments. The cylindrical shape not only gives a modern and attractive look, but also allows easy integration into narrow spaces or corners, optimizing the use of space.

#### **LE RECYCLAGE EST ROND.**

**Ligne de conteneurs cylindriques conçus pour la collecte des déchets, caractérisés par leur polyvalence et leur praticité.**

Ces conteneurs avec porte-sac intégré sont adaptés pour satisfaire les différents besoins de collecte dans les environnements publics, commerciaux et privés. La forme cylindrique lui confère non seulement un aspect moderne et attrayant, mais permet également une intégration facile dans des espaces ou des coins étroits, optimisant ainsi l'utilisation de l'espace.

STANDARD

STANDARD

**“STANDARD” È ANCHE BELLO: PERCHÉ IL DECORO PARTE DALLA RACCOLTA!**

**La gamma “Standard” unisce semplicità e praticità per una gestione dei rifiuti efficiente e ordinata.**

La qualità rispecchia quella degli altri nostri prodotti, disponibili in diverse versioni (gettacarta, posacenere, portaombrelli), questi contenitori si integrano perfettamente in ogni contesto aziendale.

**“STANDARD” IS ALSO BEAUTIFUL: BECAUSE DECORATION STARTS WITH COLLECTION!**

**“Standard” range combines simplicity and practicality for efficient and orderly waste management.**

The quality reflects that of our other products, available in different versions (waste paper bin, ashtray, umbrella stand), these containers integrate perfectly into any business context.

**“STANDARD” EST AUSSI BEAU : PARCE QUE LA DÉCORATION COMMENCE DÈS LA COLLECTION !**

**La gamme « Standard » allie simplicité et praticité pour une gestion efficace et ordonnée des déchets.**

La qualité est à l'image de celle de nos autres produits, disponibles en différentes versions (poubelle papier, cendrier, porte parapluie), ces conteneurs s'intègrent parfaitement dans tout contexte professionnel.
